Burton Business Club is run by business people for business people. It is where like-minded business people get together on a regular basis to discuss all aspects of running a business.

The Club membership comprises a wide variety of businesses from small to medium sized, sole traders to public limited companies; printers to cleaners, accountants to banks.

The Club is open to companies operating in and around the Burton area. It does not mean that you have to be based in Burton, just doing business in the town.

Burton upon Trent is full of enterprise, and the Burton Business Club offers a relaxed environment to get to know fellow entrepreneurs. Members swap stories, ask each other for advice, do business together as well as introducing new business.

Meetings are held every second Tuesday of each month at Branston Golf & Country Club. Part of the evening is given over to a specialist speaker.
